Health Information Exchange Authorization

_____participates in health information exchanges as described in the Texas Health
Resources (physician/clinic/facility name)
Health Information Exchange Patient's Frequently Asked Questions document which may be revised at any time.

A Health Information Exchange (HIE) is an organization that oversees and governs the exchange of health-related information among organizations according to nationally recognized standards. A Health Information Exchange is an electronic health information system that stores your patient health information from multiple healthcare providers participating in the HIEs. It allows your other health care providers to view your past health information for continued care and other uses included in the provider's Notice of Privacy Practices. Your information will be stored within the HIE system, but it will not be visible to or able to be used by providers unless you opt-in to participate.

I understand that my medical records are confidential and cannot be disclosed without my written authorization except when otherwise permitted or required by law. I understand that my medical information may include communicable disease information including Human Immunodeficiency Virus (HIV) and Acquired Immune Deficiency Syndrome (AIDS), records related to mental health treatment and alcohol and substance abuse diagnosis or treatment, and I authorize release of that information as part of my medical record. Providers will attempt to exclude clearly identified mental health and substance abuse health information from the HIEs, however some information may be included.

I authorize the above provider to disclose my medical information described above to the HIEs in which THPG participates. Information used or disclosed pursuant to this authorization may be subject to re-disclosure by other providers and such information may no longer be protected.

I understand that treatment or payment cannot be conditioned on my signing this authorization. I understand that I may revoke this authorization in writing at any time except to the extent that action has been taken in reliance upon this authorization. I may submit a revocation request to the above provider for processing. This authorization will remain in effect indefinitely, unless I revoke it in writing.

The HIE is not able to manage restrictions on disclosure of your health information. A restriction is a request by the patient to not disclose certain information to certain people or companies. If the restriction is or was agreed to by us or other participating HIE healthcare providers, then you must elect to opt-out of the HIE in order to protect your restriction. This must be done at each HIE participating provider you visit.

Hospital Visit for Obstetric patients only: I also give this authorization for any child(ren) born to me during this visit.

I authorize release of my medical information to the Health Information Exchanges in which THPG participates:

_____ Yes _____ No

Acknowledgement:
I, the undersigned, certify that I have read and fully understand the information in this Health Information Exchange Authorization form. I understand that if I need to change any information I have provided on this form, I will notify a staff member promptly.
